Website refurbished

www.widehorizons.com.au

To further enhance the information we have available to you, our website has recently received a complete refurbishment. It is now divided into three categories - *Production*, *Gallery* and *Studio* - to better clarify our products and services. Check it out today!

New Tasmanian photographs

Wide Horizons have released a new Open Edition range of photographs, featuring 15 stunning views of Tasmania. Locations include Cradle Mountain, Lake Pedder and Lake St Claire. For the full range, please visit our *Gallery* website.

Open and Limited Edition updates

Our Newcastle, Country and River Open Edition Collections now feature new photographs titled *Day Break*, *Green Pastures*, *Morning Quest*, *Reflections* and *The Wollemi*. The Limited Edition range has also been expanded with additional photographs from all over the Hunter Valley plus greater New South Wales, including the 2000 Sydney Olympics. For complete listings of these photographs, please visit our *Gallery* website.

Olympic Finale

Stock photography

Wide Horizons now provide a range of stock photography ideal for almost any use. For information on this range, including purchase options, please visit our *Production* website.
